Director, NERTU,

Convener

My Dear Distinguished Alumni,

Sub: A Request to participate in OU Centenary Conference of ECE

As you are aware, Osmania University is celebrating 100 years of its glorious existence and contribution to the field of higher education, during 2017-2018. Department of Electronics and Communication Engineering in collaboration with Alumni Association, is organizing two day (29-30, December 2017) conference on "Electronics and Communication technologies : Learning from Past and Marching Towards future".

The main objective of the conference is to showcase the contributions of our ECE graduates in various fields, viz. Academics and R & D, Entrepreneurship and Professional management including IT sector and Government, and Public Sector Organizations.

As the chief patron of the OU ECE Alumni association and Honorary Professor of ECE, who has served OU for about 35 years, I will be more happy and enthusiastic to see your contributions and achievements after graduation.

I request for your active participation by

1. Registration to the Conference
2. Sending half page bio-data and half page write up on your professional achievements and contributions.
3. A presentation on your achievements and contributions with maximum of 15 to 20 slides.
4. Some of you have excelled in the professional field after graduation. There are pre-Conference Tutorials by OUECE alumni on 28th December 2017. Some of you can send a proposal to conduct a half day Tutorial in your area of Excellence.
5. Sponsorship from individuals or from your organization is also welcome.

The brochure of the conference is attached. The link to the website is www.ou100ece.com

Since we may not be able reach each and every alumni, kindly pass on the information to your classmates and colleagues of ECE OU. Let us join hands to make this event a grand success.

Hope to see you on 29th December, 2017.

Prof VM Pandharipande

Chief patron, ECE Alumni association and Honorary Director, CEME, ECE OU
