ABOUT US

The University College of Engineering (UCE) has the distinction of being the oldest and the biggest among the Engineering Colleges of the state of Andhra Pradesh. The College offers four year engineering degree courses leading to the award of Bachelor of Engineering (B.E.) in Biomedical Engineering, Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communications Engineering, and Mechanical Engineering. The College also offers courses leading to Master of Engineering (M.E.) and Ph.D. in the various branches of Engineering. Part-time courses are offered at post-graduate levels in various departments.

The Department of Civil Engineering was started in the year 1929 with an intake of 15 students. The Department moved into the present majestic building in the year 1947. The Department offers undergraduate courses in Civil Engineering, Master’s and Doctoral programmes in Structural Engineering, Infrastructure Engineering, Transportation Engineering, Geotechnical Engineering, and Hydromechanics and Water Management. The courses are offered on full-time as well as on part-time basis. The Department is recipient of grants from UGC, DST, AICTE and AP State Government. The Department offers Consultancy to several organizations such as HAL, APSEB, BHEL, MCH, HUDA, DERL, DMRL, MEC, NFC, BDL, APSPhCL, APSRTC, Midhani, Indian Railways and other construction companies.

ABOUT ICI

The Institute which has been registered in September, 1992 is a Society with headquarters in Chennai and has been in service to the industry and professionals, since then with the following objectives:

- To promote growth of concrete construction and its specializations.
- To disseminate information and to arrange to train personnel for the needs of changing concepts in technology.
- To collaborate with national and international agencies in creating better understanding of concrete construction technology.
- To identify R & D problems of practical relevance to concrete construction technology.
- To institute and distribute awards for outstanding achievements in concrete construction technology.
- To arrange periodical seminars and exhibitions on the subject and to arrange annual lecture series on selected topics of relevance to concrete technology.
OBJECTIVES AND SCOPE OF PROGRAMME

Significance

Rapid advancements are taking place in the arena of Special Concretes in construction industry. The concrete industry is in the need of special attention towards the growing needs of the innovative construction practices. Though rapid strides are registered in various construction practices, the same technologies can be further improved by having fruitful discussions at various forums. In this context, this Training Programme gives emphasis on present day scenario of good concrete making practices. Keeping the above in view and to provide a forum for exchange of information and experiences, the Department of Civil Engineering is organizing this Two-Day Training Programme.

This Programme is intended for Civil/Construction/Maintenance Engineers/Architects/Consultants/Project Managers/Quality Control Engineers/Faculty/PG and Research Scholars etc. involved in concrete construction. Renowned faculties from the various institutions are taking part in the technical deliberations and case study presentations.

REGISTRATION FEE

Delegates - Rs. 1000/- Students - Rs. 500/-

The Registration Fee includes the Workshop proceedings and visuals during the Workshop and working lunch on both days. No TA and DA will be paid for attending the programme.

Mode of Payment

All payments are to be made by demand draft payable at Hyderabad drawn in favour of The Head, Civil Engineering Department, UCE (A), OU, Hyderabad and sent to the Conveners at the following address.

THEMES

The main themes of the Workshop are:
- Recent developments in concrete manufacturing
- Best practices in batching, mixing and placing of concrete
- Principles of mix design – A case study
- Advances in formwork, materials, erection and striking
- Durability aspects of ready mix concrete
- Importance of ductile detailing in reinforced concrete members
- Important codal provisions for construction, site inspection and monitoring
- Quality assurance in concrete structures

CONVENER

Prof. V. Bhikshma
Professor of Civil Engineering, O.U.,
Hon. Secretary, ICI, AP Hyderabad Center

CO-CONVENER

Dr. D. Rupesh Kumar
Assistant Professor of Civil Engineering, O.U.

ADDRESS FOR CORRESPONDENCE

The Conveners, GCCP-2012,
Civil Engineering Department,
University College of Engineering (A),
Osmania University, Hyderabad - 500 007, A.P., India.
Phone: 040 – 2709 7125; Ext: 235, 215
Fax: 40 – 2709 0317
Cell: 99496 38885, 99855 42205
E-mail: v.bhikshma@yahoo.co.in
rk_dhondy@rediffmail.com
Web: www.uceou.edu

The last date for the receipt of the Registration Form is 14th August 2012.

GOOD CONCRETE CONSTRUCTION PRACTICES (GCCP-2012)

Two-Day Workshop on

17 - 18 August 2012
